## Summary

As a Campus Ambassador at MyGov India, I promote and facilitate the participation of students and faculty in various initiatives and activities of the government of India. I also collaborate with other campus ambassadors across the country to share ideas, feedback, and best practices. I am proud to be part of this program that aims to empower and engage the youth in nation-building and social welfare.

I am currently pursuing a Bachelor of Engineering degree in Computer Engineering at Savitribai Phule Pune University and Sinhgad Institute of Technology. I have a keen interest in programming and technology, and I have learned various skills such as C++, C, and Generative AI. I have also participated in multiple programs, workshops, and courses to enhance my knowledge and skills, such as the GitHub Student Developer Program, the Campus Mantri Program at GeeksforGeeks, and the IEEE Bombay Section and Techfest IITB Membership. I am motivated by my curiosity and passion for technology, and I aspire to become a proficient and innovative programmer in the future.

## Experience

### Microsoft Student Ambassador

Microsoft

Nov 2023 - Present (2 months)

Student Ambassadors are a global group of campus leaders who are eager to help fellow students, create robust tech communities and develop technical and career skills for the future.

### Technical Team Member

Microsoft Campus Club SIT Lonavala

Oct 2023 - Present (3 months)

### GitHub student developer

GitHub

Jul 2023 - Present (6 months)

### Student Member

National Service Scheme

Oct 2023 - Present (3 months)

### Student Member

IEEE Bombay Section

Sep 2023 - Present (4 months)

## Campus Mantri

GeeksforGeeks

Aug 2023 - Present (5 months)

## Campus Ambassador

MyGov India

Sep 2023 - Present (4 months)

## Internshala student partner

Internshala

Aug 2023 - Present (5 months)

I am thrilled to announce that I have been selected as an Internshala Student Partner for the 30th edition of India's #1 Student Partner Program. This is a 40-day transformational journey where I will be the face of Internshala in my college and help my fellow students meet their career goals through Internshala Trainings. I will also get to interact with industry leaders, learn the art of marketing and selling, and win amazing rewards like iPhone 13, free Internshala Trainings, cash prizes, and more. I am looking forward to this exciting and challenging experience and I hope to make the most of it. Thank you Internshala for this opportunity!

## Summer Engineering Intern

CLUMOSS

Aug 2023 - Nov 2023 (4 months)

CLUMOSS - Clusters of Multi Organizations for Support & Services.

CLUMOSS is a parent IT company in which the development of 10+ businesses is ongoing. We also offer free training Internships to worldwide college students in their desired domain.

Students across the world will get the opportunity to experience how projects work in big organizations. Interns will be trained to manage workload, improve personal and professional profile, develop skills, and work with diverse people worldwide. Through technology, our company provide services in various domains.

Students can get an opportunity\* to work on live projects of the company based on their performance.

Our goal is to make interns ready for the future. Learn Together & Grow Together!

For more information contact us through email at [info@clumoss.com](mailto:info@clumoss.com)

## Campus Ambassador

Indian Institute of Technology, Bombay

Jul 2023 - Nov 2023 (5 months)

Techfest is Asia's largest Science and Technology festival, and the campus ambassador program is its backbone. As a campus ambassador, you will have the opportunity to:

Represent Techfest at your college and act as a link between the students of your college and Techfest, IIT Bombay

Manage and handle various events such as workshops, competitions, and seminars in your college

Build a network of students from 2500+ Indian and 500+ international colleges and learn about social media, marketing, event planning and execution

Get an Instagram shoutout and other rewards based on your monthly performance

Develop and nurture future leadership skills in the fields of tech

### **Student Intern**

CodSoft

Aug 2023 - Sep 2023 (2 months)

### **Student Intern**

DevTown

Aug 2023 - Sep 2023 (2 months)

Are you looking for a way to learn the latest skills in web development, data science, or artificial intelligence? Do you want to get trained by industry experts from Google, Microsoft, Jio, and other top tech companies? Do you want to work on real-world projects and get internships or placements in your dream company?

If you answered yes to any of these questions, then DevTown is the place for you. DevTown is a research and education-based startup that offers industrial training and internship programs in web development, data science, and artificial intelligence. You can learn from live lectures, recorded sessions, doubt solving, and one-on-one mentorship. You can also join a network of thousands of students from across the globe who share the same passion and vision.
